By Chloe

100% vegan and 100% plant-based restaurant By Chloe has opened to much anticipation in the West Village. Chef Chloe Coscarelli has created a seasonal menu that includes salads, soups, burgers, sandwiches, fresh pasta, cold-pressed juices, vegan ice cream and fresh desserts as well. The dishes are healthy and tasty: think air-baked fries (pictured), mac and cheese with sweet potato subbing in for the cheese, quinoa taco salad (pictured) and a tempeh, lentil, chia, walnut burger patty. 185 Bleecker St., bychefchloe.com (Credit: By Chloe)
